

The Lansdown Clinic Christmas Card Competition

Can you help us?

Our clinic helps look after people who may have poorly backs, necks, heads, shoulders, knees and toes. Lots of people visit us every day from babies to grown ups.

We send each of the people we look after a Christmas card. This year we would like you to design one for us.

It can be anything you like around the Christmas theme.

The winner will win: A box full of art materials and a talk for their school. The teacher of the winner will also win a treatment at our clinic.
